**Four of 492 Test Positive for COVID-19; COVID-19 Testing and Vaccination Schedule;
Food Commodities Distribution Continues Next Week**

Results: Four New Cases of COVID-19

Four (4) new cases of COVID-19 were identified out of **492** tests performed on **Friday, April 23**. To date, there have been a total of **7,915** officially reported cases of COVID-19 with **136** deaths, **67** cases in active isolation, and **7,712** not in active isolation. **The CAR Score is 1.0**. The community is reminded to remain vigilant:

- Remain home if you are sick. Keep away from others who are sick and limit face-to-face contact with others.
- Keep a safe distance of 6 ft. or more between yourself and others who are outside of your household.
- Wash your hands often with soap and water for at least 20 seconds. If soap and water are not readily available, use alcohol-based hand sanitizer that contains at least 60% alcohol.
- If visiting elderly family members, continue to practice social distancing to protect those you love.

UPDATE: Free COVID-19 Testing Available

The Department of Public Health and Social Services (DPHSS) will offer free COVID-19 testing to staff and patrons of A-Class Lounge and The Tsubaki Tower at the locations and times below:

Staff and patrons who were at the A-Class Lounge on or after April 7 and staff and guests who were at The Tsubaki Tower between April 14 – 18 should monitor for symptoms and get tested. COVID-19 symptoms include, but are not limited to:

- Cough
- Shortness of breath
- Fever
- Chills
- Muscle pain
- Sore throat
- New loss of taste or smell

This list is not exhaustive of all possible symptoms. Other less common symptoms have been reported, including gastrointestinal symptoms like nausea, vomiting, and diarrhea.

The U.S. Centers for Disease Control and Prevention (CDC) recommends individuals get tested between five to seven days after exposure to a positive COVID-19 case. DPHSS encourages staff, guests, and patrons to follow these recommended guidelines. If you develop any of the symptoms described above, contact your medical provider, or call 311 option 1 for more information. If your symptoms are severe, seek medical attention immediately or call 911.
